

Material Transfer Agreement (MTA)

1. The depositor agrees to transfer the bioresources including in the General Deposit Form with NIBR, and NIBR will be engaged in preservation, quality control and the distribution of the bioresources. The depositor shall provide with NIBR the correct information about identification, sampling data and culture condition. NIBR may open and update the information and may make it available to the public when necessary.
2. This agreement does not mean that this agreement will give to NIBR the right to transfer or assign any patents or other intellectual property rights with respect to the bioresources, without a prior consent of the depositor.
3. Regarding the acquisition of intellectual property rights or other rights related to the products obtained through the use of the transferred bioresources, the depositor and the NIBR must engage in prior consultation and reach an agreement.
4. NIBR will take full responsibility to follow the laws, regulations and other kinds of contracts.
5. The depositor is a representative to contract this agreement with all power and authorization and to be responsible for the obligations in this agreement.
